The following are services we offer for the health of your cat. Please **INITIAL** any service that you would like us to do for your cat today while your cat is in our care. Failure to indicate will result in services NOT being performed. All services listed are IN ADDITION to any surgical fees.

Cold Laser Therapy—Cold Laser Therapy reduces pain, reduces inflammation, and speeds healing. The cost is **\$4**.

ACCEPT _____ DECLINE _____

Feline Leukemia/FIV Test - Feline leukemia and Feline Immunodeficiency Virus are both contagious, viral diseases that increase the anesthetic risk and can be potentially fatal to your cat. The cost for this procedure is **\$38.00**.

ACCEPT _____ DECLINE _____

Intestinal Parasite Exam - Intestinal parasites (worms) are harmful to your pet. They can cause vomiting, diarrhea, anemia and intestinal obstruction. Sedation can increase these symptoms or cause them to start if your pet has parasites, but has not shown any symptoms. The cost to check for intestinal parasites is **\$16.75**.

ACCEPT _____ DECLINE _____

Post-Operative Pain Medication - Provides an additional 2 days of pain relief and anti-inflammatory management for your cat after surgery. The cost is **\$17.82**.

ACCEPT _____ DECLINE _____
