The following are services we offer for the health of your dog. Please **INITIAL** any service that you would like us to do for your dog today while your dog is in our care. Failure to indicate will result in services NOT being performed. All services listed are IN ADDITION to any surgical fees.

Cold Laser Therapy—Cold Laser Therapy reduces pain, reduces inflammation, and speeds healing. The cost is **\$4 for spay and neuter and \$25 for all other surgical procedures.**

ACCEPT _____ DECLINE _____

Heartworm Test – Heartworms are worms that live in a dog’s heart and lungs. They are transmitted by mosquitoes. They can lead to heart failure or severe and fatal respiratory distress. The cost is **\$29.00.**

ACCEPT _____ DECLINE _____

Intestinal Parasite Exam - Intestinal parasites (worms) are harmful to your pet. They can cause vomiting, diarrhea, anemia and intestinal obstruction. Sedation can increase these symptoms or cause them to start if your pet has parasites, but has not shown any symptoms. The cost to check for intestinal parasites is **\$18.50.**

ACCEPT _____ DECLINE _____

Post-Operative Pain Medication - Provides an additional 3 days of pain relief and anti-inflammatory management for your dog after surgery. The cost is **\$12.48 - \$15.48 (varies with weight).**
